Dear Member,

The theme for the **Long Documentary Production 2016** is *Women Making News*.

We will build on the same method of production as we did in 2014 and 2015. Five short films, each of 10-12 minute duration, will be directed and produced by members from five different countries. Nupur Basu, senior journalist and filmmaker from the India chapter, has been selected as the Executive Producer of the Long Documentary. She will have the overall responsibility for the project, give the specifications, and edit the short documentaries into one long documentary.

TIMELINE:

June 9 – Call to go out for film proposal to IAWRT members

July 7 – Deadline to receive all film proposals

July 8 to July 20 – The EP and long documentary committee pick the final proposals.

July 21 to July 25 – Financial disbursements to selected directors.
